PROGRAM DESCRIPTION:

We provide one-to-one youth mentoring services whereby one caring and responsible adult is matched in a meaningful relationship with a youth aged 6 through 18 years. We ask all volunteers to make at least a one year commitment to their match. Volunteers are matched with youth who have been referred by their teacher or parent. Our school based program, S.T.A.R.S. for Students Taking All the Right Steps, is a partnership with local schools for children in grades K-8. Volunteers meet with a child only at school for one hour once each week. Volunteers assist their Little Brothers and Sisters with homework (completing assignments, staying on task, improving reading or math skills), social skills (getting along with peers respecting authority, impulse or anger control).

We concentrate on the Educational growth and development of youth in our service area. Big Brothers Big Sisters assists the children who need us most, including those living in single parent homes, growing up in poverty and coping with a parental deployment. Our focus is on youth in grades K-8 with priority given to children in grades K-3. We reap the greatest success and achieve the most far reaching and long-lasting outcomes when we successfully match and mentor children in this early age group.

AGE OF POPULATION SERVED: Youth, ages 6—14 years

PROGRAM DESCRIPTION:

The Family Planning Program promotes and provides comprehensive family planning services, including: clinic-based services, community education, and outreach to promote health and reproductive responsibility. This service helps people make decisions regarding spacing and number of children.

WIC is a supplemental food program for women, infants, and children. WIC provides healthy foods at no cost, and nutrition education. WIC also gives referrals to other health services. WIC services are not age dependent. Qualifying for WIC is based on income, being a resident of Otero County, and having a child or being pregnant.

Families First provides developmental assessment to screen babies and toddlers for delays; and helps parents access resources such as: food, transportation, child care, and Medicaid. Free service for those who are uninsured or have Medicaid.

DOH helps support the Otero County Community Health Council and Behavioral Health Collaborative. This is a networking coalition for any community health focused agencies. Organizations with similar goals can support each other to improve our population health and access to services. We provide assistance in identifying resources and in holding community events. Action committees include: Substance Abuse Task Force, Healthy Eating Active Living, and Communities of Care.

AGE OF POPULATION SERVED: All ages.

PROGRAM DESCRIPTION:

Since 1982, the CHINS counseling program has provided behavioral health services to children and families in Otero County. Our agency has been able to fill a large gap in the service area by providing early intervention services to those who may not meet the criteria for a clinical diagnosis of a psychological disorder, but are nevertheless struggling with stressful situations at home and in the community.

CHINS has always differed from other counseling programs by offering services in a variety of settings; in the office, in client homes, in schools and in the community. We tailor our counseling setting to meet our clients' individual needs and interests and to help children of all ages feel comfortable. Counseling is provided by licensed, professional counselors and includes individual, family and parenting support.

PROGRAM DESCRIPTION:

The Juvenile Probation Office (JPO) provides supervision services to both informal and formal clients. The philosophy driving probation practice in NM is a balanced approach with increased emphasis on treatment and front-end services rather than commitment to facilities. JPO may handle up to three delinquent referral in a two year period informally; clients placed on informal probation are required to complete certain conditions in a specific time period, in lieu of being sent to court. In the case of formal clients, the Court sets the terms of probation with recommendations from the JPO, the Children's Court Attorney, and the youth's attorney. In addition to JPOs, we have two in-house clinical staff that can provide crisis intervention, psycho-educational groups, clinical recommendations, and clinical case management services to JPO-involved youth.

AGE OF POPULATION SERVED: Receive referrals on youth under 18; may work with clients up to the age of 21.

PROGRAM DESCRIPTION:

Life Transitions provides individualized treatment for anyone 18
and over experiencing difficulty with mental health issues. The
program consists of an inpatient unit, outpatient medication man-
agement clinic and group.

The inpatient unit offers acute inpatient treatment for individuals
with a primary mental health diagnosis and/or co-occurring disor-
ders.

The outpatient services offered are: medication management
services, group therapy for older adults, and group therapy for
adults experiencing difficulties with substance abuse use and
mental health issues.

Treatment is supervised by a Psychiatrist and provided by a team
that includes Masters Level clinicians and mental health provid-
ers.

During regular business hours (Monday through Friday 8 a.m. to
5 p.m.) please contact the Outpatient Clinic at 575-446-5303 for
admission questions and referrals. After hours, please contact
the Inpatient Unit at 575-446-5310.
